Addiction to drugs and alcohol is one of the most pressing issues facing the country right now. Already, countless families have been ripped apart by the dangers and the effects of addiction. Fortunately, the stigma surrounding these mental health issues has largely faded and there has been a significant increase in the number of resources to help people and families who are in need. This has given hope to countless people across the country suffering from drug and alcohol addiction who previously might not have known where to turn. Now, even those who are on government insurance assistance plans, such as Medicaid, have access to drug and alcohol rehabilitation treatment that they so desperately need.

We Take Medicaid Insurance for Drug and Alcohol Treatment

Health insurance can be expensive and there are many people across the country who rely on the assistance of a government plan, such as Medicaid, for their healthcare. Those who are on Medicaid may have experienced roadblocks when it comes to finding healthcare. Fortunately, that is not a problem at Renaissance Ranch Ogden. The slogan is **"affordable treatment that helps families and restores hope."** This includes individuals and families who rely on Medicaid.

Innovative Treatment Plans

At Renaissance Ranch Ogden, we are never complacent with our treatment model. We know that there has been a lot of new research done in the field of drug and alcohol rehab over the past few years. ***Our professionals work hard to make sure that they stay up to date on the latest research and information in the field.*** This allows us to provide the most appropriate care to every person that comes through our door. The brilliant scientists and researchers work hard to develop these treatment plans. We want to make sure we provide them.
